

Paying for parking using a Credit or Debit card

Checking in - Park your vehicle and check in at a car park payment machine with a credit/debit card with sufficient funds to cover the full daily rate for the car park.

Checking out - When you leave the car park, remember to check out, and your card will be debited with the appropriate charge for the period parked.

Credit or Debit Card payments

How to check in:

1. Press the CARD button
2. Insert or touch  your credit/debit card to the card reader on the payment machine and follow the on-screen instructions
3. Enter your vehicle registration number as instructed on the key pad
4. Payment for the all-day charge is pre-authorised
5. Display the issued ticket in your windscreen

How to check out:

1. When returning to the car park insert or touch **the same card** to the reader
2. Your card will be debited for the period you have parked
3. A check out receipt will be issued
4. If you do not check out, your vehicle will be automatically checked out at the end of the charging period and the appropriate charge will be debited to your card
5. **DO NOT** check out after the daily charging period has ended as attempting to do so will generate a check in ticket for the following day and you will be charged accordingly

Pay & Display - Coin payments

How to pay:

1. Press the COIN button
2. Enter your vehicle registration number as instructed on the key pad
3. Insert the correct payment for the time period required - **no change is given**
4. Display the issued ticket in your windscreen
