Dear Ms Glancy,

RE: ROTHER DASA PUBLIC EXAMINATION

It is understood that the Inspector is open to further statements and is seeking to confirm those who wish to speak at the forthcoming hearings.

The County Council submitted a representation to the Proposed Submission version of the Rother DASA, within which a number of modifications (generally minor), were sought to the plan (see attached representation dated 07/12/2018). We note that the District Council has proposed certain modifications to the submitted version of the plan and has also explained why certain modifications put forward by other parties, including the County Council, have not been taken forward.

In light of the above, the County Council still wishes to draw to the attention of the Inspector our suggested modifications to the plan, although we have nothing further to add to its representation at this time and trusts that the Inspector will have due regard to it.

In summary, the Council is of the view that our representations and suggested modifications are not matters for which we need to attend the hearings.

Yours sincerely

A handwritten signature in black ink, appearing to read "E Sheath".

Edward Sheath

Head of Planning and Environment
